

# CHARM COLLOQUIUM

**Tuesday October 15, 2019**

**COLLABORATIVE TO HALT ANTIBIOTIC-RESISTANT MICROBES**

**COLLABORATIVE TO HALT ANTIBIOTIC-RESISTANT MICROBES**

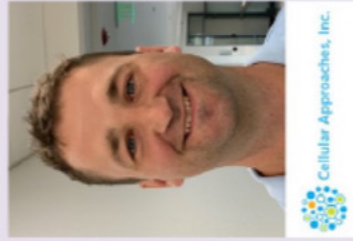

**Joe Pogliano, PhD**  
Professor  
Division of Biological Sciences  
Section of Molecular Biology  
UC San Diego

**4:00 pm** "Bacterial Cytological  
Profiling: A New Platform for  
Antibiotic Discovery"

**Anushree Chatterjee, PhD**  
Assistant Professor  
Dept. of Chemical and Biological Engineering  
**Prashant Nagpal, PhD**  
Assistant Professor  
Dept. of Chemical and Biological Engineering  
University of Colorado Boulder

**5:00 pm** "Photoexcited Quantum Dots and  
other Novel Diagnostics and Therapeutics  
to Combat Antimicrobial Resistance"

**Robert Tacke, PhD**  
Senior Scientist  
Cellular Approaches  
COI Pharmaceuticals  
San Diego, CA

**4:30 pm** "An Immune Cell  
Therapy Strategy to Combat  
Multidrug-Resistant Infections"

**6:00 pm: Networking Reception with  
Wine, Beer, Soft Drinks and Snacks  
(all attendees invited)**

**Health Sciences Education Center (HSEC)  
Pharmaceutical Sciences Building**
