HS SPPO/UC San Diego News & Reminders:

- CBR rates will go live with UC Path. Reminder to do a projection to view the impact the new CBR rates will have on the PI portfolio. Also, vacation accrual will be charged even if the employee is at maximum hours of accrual. This will also begin with UC Path when it goes live May 2020.

- Reminder: It's the Department's responsibility to terminate individual fellowships (F30/F31/F32) and institutional fellowships from Training Grants (T32/T35) in xTrain. Speaking of xTrain—Does anything need to be done if a trainee takes parental leave? If the parental leave is 60 calendar days or less and has been approved by the PD/PI on the training grant, no steps need to be taken in xTrain. Trainees may receive stipends for up to 60 calendar days of parental leave per year. Please see: NOT-OD-16-105

- When preparing a proposal using VA space, please describe the type of space (i.e. Animal lab, Core facility, etc.) This is a reminder to determine the preponderance of the work so that it can be determined if the proposal should either be submitted through UCSD or VMRF.

- Genomic Data Sharing Policy—please click here.

- Animal Care Program Per Diem Rate Changes 2019: The new rate schedule can be found here.

HS SPPO Spotlight

Roxanne Knight just celebrated 3 years with HS SPPO last month. When on the job, Roxanne enjoys the people she works with and the feeling that she's contributing to something important. When she's not busy with deadlines, she designs and makes quilts. It's her creative outlet when those last minute submissions find their way to sneak in :) Roxanne's favorite things include Hawaiian vacations, spumoni ice cream, Day of the Dead, and cuddling with her dog, Henry. Roxanne is of Mexican and Irish decent. From both cultures, she's received a love for good food, laughter, and creativity. If you share any of Roxanne's passions, send her a note!
