UC San Diego Health Sciences

Health Sciences Sponsored Project Pre-Award Office
In the Office of the Vice Chancellor

HS SPPO/UC San Diego News & Reminders:

- Reminder: Kuali Research is coming quick! Make sure to get your training, you must sign up through UC Learning — search for "Kuali Research Proposal Development Learning Lab".

- Office of Research Affairs has recently updated the PI Exception Blink page, please make sure to check for updates

- As of last month, the Fellowship Assurance Form must be initiated in Onbase, instructions can be found here. The 12/8/19 deadline is right around the corner!

- Reminder: make sure to turn on your OOO for Thanksgiving week, because NIH is open on Friday 11/29/19.
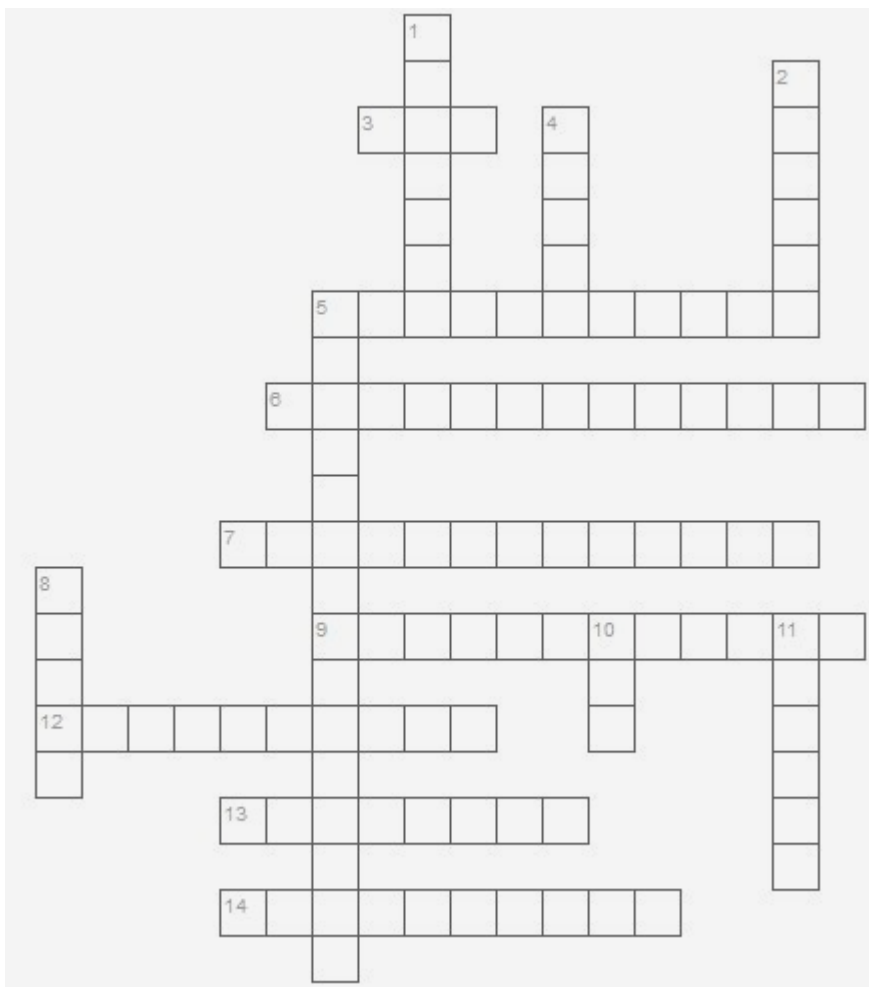

HS SPPO Spotlight

Evelyn Olaes has been with HS SPPO since 2014, but she started her journey with UCSD 16 years ago. She has held various positions in several departments on campus so she can most certainly relate to any RA woes you may have! Outside the office, Evelyn enjoys traveling, bowling, ballroom dancing, golfing, and spending time with her family. Her family is very tightknit, supportive, and huge – Evelyn will be spending the upcoming holidays with her mom, her son, 8 siblings, 15 nieces & nephews, and 11 grand nieces & nephews! She's especially looking forward to Christmas and watching the kids open their gifts. When she finally gets done making her Xmas shopping list, you can most likely find her hanging out in Little Italy. If you want to check in with Evelyn about any of her interests or give her any tips on this year's hot toy picks, send her a note!

Featured NIH Notices/ News:

- Reminder for applicants to link eRA profiles to ORCID accounts, now a requirement for certain mechanism, but soon—for all. See Guide Notice NOT-19-109.

- NIH operates under a Continuing Resolution through December 20, 2019.

- Updated NIH GPS will be available early in FY 2020. Some of the significant changes include: Human Fetal Tissue requirements, Other Support language, and Research Misconduct language.

- Transition from DUNS to Unique Entity Identifier is ongoing, implementation by Dec. 2020.
